```
TestBed.configureTestingModule({
  imports: [
    CompanyModule,
    UsersModule,
  ],
  declarations: [CompanyUserComponent],
  providers: [
    { provide: UserService, useClass: MockUserService }
  ]
})
```

```
TestBed.configureTestingModule({
  imports: [
    CompanyTestingModule,
    UsersTestingModule,
  ],
  declarations: [CompanyUserComponent],
  providers: [
    mockProvider(UserService)
  ]
})
```
